To Whom it may concern,

I [redacted] am writing regarding the Application for late licence from 104 White Abbey Road.

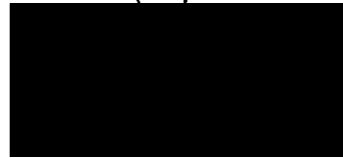

I myself am disabled and suffer from SLE lupus and Discoid lupus Raynards Disease, they is also an Elderly home.

This is a residential Area. Which I think A licence upuntill 2am is'nt acceptable.

I don't mind untill 11pm this is going to be a neusence.

I would be very greatfull if the is Considered very Carefully. for our neighbour hood has most of the resident are elderly and disabled

Thank you
